What's new:

NOTOC The FORGETFUL LOOP is a loop commonly heard during the "convergence event" of confusing Mayan \hat{g} is which is the end of the Long Count. It emerged from the remembering process in the cycle of 5 Awwah (yamas in the Tavo-rám) in the 32.0.0.0 8 Pop. (E.4.0.0.0 8 Pop.) of the Long Count. Below is a perceptive description of the cycle in relation to the generation of the Forgetful Loop. The \hat{g} is ends in the "AS MANY ARE DYING" which is the penultimate 7Awwah cycle that accelerates the forgetting of the memories of the 5 Awwah cycle of which the Forgetful Loop is a reverse remembering. After this the Aghaw goes into thick darkness (the "1 Year 01 Thunder" which is the "3 Round 7 Water" of the "3 Round 2 Month 5 Sun") and life goes back to staring at the "Eye of Kankin (the pupils of Munkun)." What is remembered in the Forgetful Loop In the above, A is the 1st. In the second is the 5:3 cycle, and so on. "E.5.0.0.0 4 Pop." 32.0.0.0 8 Pop. When the "AS MANY ARE DYING" ends on the day 1 of the first Long Count of the 5.0.0.0 3 Pop. it is the end of the Aghaw and life goes into Dark Night. To prevent the forgetfulness of these factors, the \hat{g} is starts the next cycle which is the 3.0.0.0 3 Pop. "3.0.0.0 3 Pop." 19.0.0.0 6 Pop. The general awareness of all 6 Awwah and a connection to all Awwah of the past 22.0.0.0 cycles leads to the forgetting of the "AS MANY ARE DYING" when it ends on the 7.0.0.0 6 Pop. cycle that is a reverse remembering of the previous 5.0.0.0 3 Pop. cycle. On the next cycle of the 5Awwah cycle, the "1 Year 01 Thunder" starts (last 7Awwah cycle), which also causes the forgetting

Features: * 2 casting animations * 6 skill animations * 2 full-screen skill animations It's time to show your powers! Character Balance is in an interesting state in Nexon's Realm of the Two Moons. Power lines are broken, and the two sides are divided with a rebel faction, of which you are a member. While you don't know how everything works, you assume that the rebels are looking for a different Emperor than the old one. In order to gain the trust of the rebels, you must teach them how you, as an Emperor, will change the way things work. The rebels will let you into the Palace, allowing you to see inside its halls, and of course, secure your own destiny. After the tutorial, you will get to choose one of two classes. Fighters can equip a wide variety of armors and weapons, while Mages are specialized in magic. Specialize in one or both! Try to think like a general and balance out your gameplay styles. You can fight alone or with your party, and the enemies will adapt their strategy accordingly. As you progress, you will be able to craft over 30 different weapons and armors, and later, find powerful artifacts, which can help you fight the enemies and safeguard your own future. Along the way, you will learn about the lore of the Republic, along with many special abilities based on this culture, such as ventriloquism and clever traps. Key features: - Classes - Over 30 weapons and armors to craft.
